DAHLIAS

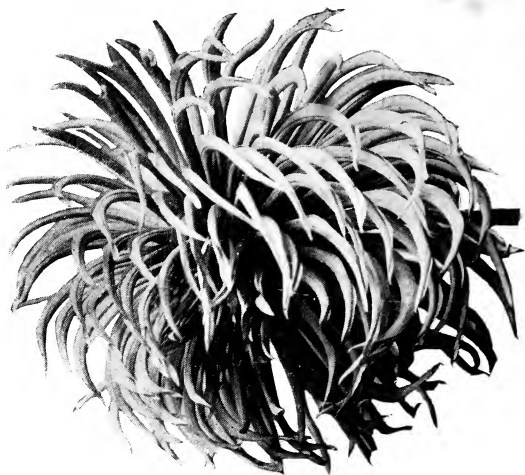

MAD. HERRIOT

Imported and Grown by

MRS. H. A. TATE,

OLD FORT, N. C.

MISS STREDWICK

OLYMPIC

ENGLISH EXHIBITION CACTUS
DAHLIAS.

Arthur Pickard. Flowers of finest form with long, evenly-incurving petals. The color a light salmon, 50c.

Auburn Beauty. A very pleasing shade of bronze, bright yellow in the center—a favorite, 50c.

C. E. Wilkins. An exquisite shade of pale salmon pink, beautiful, 25c.

Clara. Soft mauve-pink with white tips, low growth, good habit, 15c.

Debutante. Palest pink, narrow pointed petals, 15c.

Diavola. Pale yellow, striped chocolate, fine bloomer, 15c.

Dorothy. Silvery pink, fine, 25c.

Electric. Yellow, tip white, good bloomer, 15c.

Evening Star. Bright terra-cotta, center gold, 25c.

Flora. Buff, suffused with pink and heavily tipped white, 25c.

Frederick Wenham. One of the largest cactus dahlias yet raised. Petals long and narrow, partially incurved but irregularly whirled and twisted, giving the flower a most graceful appearance. Color, a warm fawn pink, with soft salmon at center, \$1.50.

Fulgent. Brilliant scarlet. Tips of petals and center bright crimson. Strong flower stem. Early, free and constant throughout season, \$1.00.

Gelber Prince. This is a German cactus dahlia of special merit and noted for its long-keeping qualities as a cut flower. Color, deep yellow, with long incurving petals, 50c.

Glory of Wilts. A very beautiful yellow, incurved form, 50c.

Golden Eagle. Surely the most beautiful of them all, bright golden yellow, 25c.

Golden Wave. Color a rich, deep, pure yellow. Much incurved, formation regular, stems long and strong, 50c.

Great Western. Bright, crimson, purple, 50c.

H. H. Thomas. Flowers of beautiful form, much incurved and deep. Deep, rich crimson, 15c.

H. L. Brownson. A really first-class cactus dahlia, with the narrowest possible petals of great length and depth. Deep rose-pink, white center, 50c.

Iolanthe. Coral red, tips of petals and center gold, 25c.

Indomitable. A very champion for exhibition. The petals narrow and long, and much incurved. Mauve lilac, lighter tips, 35c.

Irresistible. Large flowers, yellow, suffused rose, with a band of rose up each side of florets, 25c.

John Riding. The plants of this are particularly sturdy, healthy growers and produce enormous bloom of splendid incurved, interlacing form. Color, deep rich crimson, \$1.50.

Jupiter. A lovely fancy cactus dahlia. Pinkish yellow base, the whole striped crimson; narrow petals, much incurved and deep, 25c.

Kingfisher. A pure distinct lilac, a large flower, long petals and much incurved, 75c.

Leda. A deep violet-rose, creamy base, petals much incurved, 35c.

Mauve Queen. White base, mauve tips, narrow, incurved petals, 25c.

Marathon. One of the largest, yellow shading to rose carmine, 25c.

Meteor. Cream splashed with violet purple, 15c.

Miss Stredwick. This is undoubtedly the finest of cactus dahlia of the world. The form of flowers is excellent, the center perfect. The color is truly beautiful. A soft yellow at base quickly changing to deep pink with lighter tips, \$1.00.

Mrs. C. G. Wyatt. Pure, glistening, snow-white, good form, fine bloomer, 50c.

Mrs. D. Flemming. The finest white cactus dahlia yet raised. Of endless depth, though the petals are narrow, so numerous as to make a massive flower, \$1.00.

Mrs. H. L. Brownson. Salmon on a pale yellow ground, fine flower, 15c.

Mrs. J. Emberson. Pale lemon speckled with pink, 15c.

Mrs. Stephens. Form of flower first-class, stems long and hard. An early bloomer. Color, pale primrose throughout, 50c.

Mrs. T. W. Willis. Petals long and very pointed, white base, rosy lilac tips, very beautiful, 25c.

Nantwich. Light bronzy orange, somewhat deeper in center. Upright growth. Strong flower stem, \$1.00.

Narcissus. Very large pale primrose, tipped white. Splendid exhibition variety, 50c.

New York. Massive incurved flowers on large, long stems. Color, orange yellow shading into a bronzy salmon, 50c.

Olympic. A grand flower of a deep rich crimson color, and of massive proportions. Many flowers measuring eight inches across and being exceptionally incurved and of great depth as well, \$1.50.

Penguin. This is an early and constant bloomer of a bright gold color, 50c.

Red Admiral. One of the most brilliant dahlias in existence. Color, rich fiery scarlet, blooms large and full, and of the best possible exhibition type, 50c.

Richard Box. Clear light yellow. The form is perfectly incurved. A strong feature of this variety is its grand flower stem. The bloom being held erect in spite of their great size and weight, \$1.00.

Rosa Starr. Blooms large and full, color bright lilac pink, 25c.

Snowden. Pure white, very pretty, 15c.

Snow Storm. A large white flower, 15c.

Stormer. Dark scarlet, large incurved flower, 25c.

Sweetbriar. A lovely pink, strong stems, holding up flowers, 50c.

The Earl. Rich ruby crimson throughout. Much incurved, long petals, good bloomer, 50c.

Vedette. Bright scarlet, sometimes tipped white, 25c.

Wellington. Crimson-scarlet shaded purple, claw-shaped, incurved, 35c.

White Ensign. Another strong-stemmed, upright grower, large, white flowers, 50c.

Yellow Hammer. A pure, deep yellow of large size, full to the center and carried on rigid stems, 50c.

FRENCH EXHIBITION CACTUS DAHLIAS.

Aroc-en-ceil. Salmon and rose, one of the most beautiful colors, \$1.00.

Australian. A fine purple, 50c.

Butterfly. Red, tips white, an early bloomer, very variable, 15c.

Charles Parnot. A very pale rose lilac-striped carmine. Flowers held up facing on long, strong stems, 25c.

Chevrefeuille. A lovely pink with white center. The petals are beautifully pointed. An early and constant bloomer, 50c.

Comte de Lambert. Purple maroon, a large heavy flower, 50c.

Cousin Therese. Orange scarlet, 15c.

Cyrano. Rich, strawberry red, back of petals geranium red, 25c.

Feerie. White, striped violet, 15c.

Hongerie. Mauve amaranth, shaded blue, 15c.

Mad. A. Bechet. Large quilled petals, cyclamen rose, shaded Tyrian rose, 25c

Mad. August Choulet. Yellow and red, 15c

Mad. Eschenaur. Sulphur cream base, shading into lavender points, beautiful, 35c.

Mad. H. Martinet. Base amber yellow, shading into rose, pointed petals, 25c.

Marie Charmet. White, spotted red, 50c.

Marguerite Bouchou. Rose carmine, center white, pointed petals, deep, full flower, \$1.00.

Mirifique. Wine color, shaded violet, early bloomer and profuse, 15c.

Mill. Gonnert. Clear, mauve, pink, incurved flower, 25c.

Phoenix. Rich, velvety crimson, striped a deeper shade, 50c.

Renee Cayeux. Dark scarlet, an early and profuse bloomer, 25c.

Royal Purple. Violet purple, 15c.

Secretaire Chamrion. Clear amber, striped old gold, very variable, but a beauty in any form, 25c.

Suzanne Cayeux. Greenish white, 25c.

Yvonne Cayeux. Pure white, pointed petals, blooms early and late, 15c.

CACTUS DAHLIAS.

General Collection.

Can't Show My Gardens on Sunday.

Send in your orders early. All orders are booked and sent out in rotation. Early orders get most extras.

Send money with order and write name and address plainly. Package can be insured for 5c. extra.

When you receive your box of bulbs do not open them and then set them down to dry up. If not ready to plant, place bulbs **at once** in a box of damp, not wet, sand or earth and they will be nicely started when you are ready to plant.

Twelve bulbs for price of ~~40~~ ⁴⁰ postpaid in first, second, third, fourth and fifth zones. Sixth, seventh and eighth zones, postage extra.

Twenty—**my choice**—for \$1.00.

Twelve—**my choice**—of higher-priced ones for \$1.00.

Large bulbs for \$1.20. These are my selection of varieties and cannot be changed. Blooms in season, 10c., 15c., 25c. and 50c. per dozen, according to price of bulbs.

CULTURE.

Select place where water will not stand after rains and where sun shines most of the day. If soil is very sandy, dig in plenty of leaf mould or stable manure well rotted. Stiff clay soil should have sand, leaf mould or leached ashes dug in. If poor, well-rotted manure. Dig up the bed deep and plant 3 feet apart each way. Lay bulb down flat and cover 3 to 6 inches deep. When up, **cultivate well**. April 1st to June 15th is very well for planting. Good soil and good cultivation mean success.
